

Queen City Audio Video & Appliances began in 1952, when my father founded the business as a TV repair shop. Today, our family owned-and-operated company has grown to become one of the top 30 appliance retailers in the country, with more than \$25 million in local inventory, 10 stores throughout the Piedmont, and 200+ employees who vote us a Top Workplace year after year.

Throughout our history, our mission has remained the same: to select the right home products to enhance your everyday living. We do that by carrying over 75 top-rated brands — priced the most competitively in our market — a commitment to outstanding customer service, and strong relationships with innovative partners like the ones featured in these pages.

At Queen City, we are your destination for luxury appliances, each one designed to elevate your home, complement your lifestyle and meet your needs. From distinctive details to superior performance, these products are made for how you live.

Our knowledgeable staff — all of whom take part in our education and leadership development programs — are trained on the ins and outs of our incredible selection of quality brands and ready to introduce you to the latest in luxury appliances.

Working with a builder or designer? Queen City's Builder & Designer program is ready to make your dream come true, offering dedicated builder team sales associates who can help manage your appliance project from selection to installation.

Come see us at Queen City and discover the standard we've set for serving our family and yours for over 70 years in the Charlotte community.

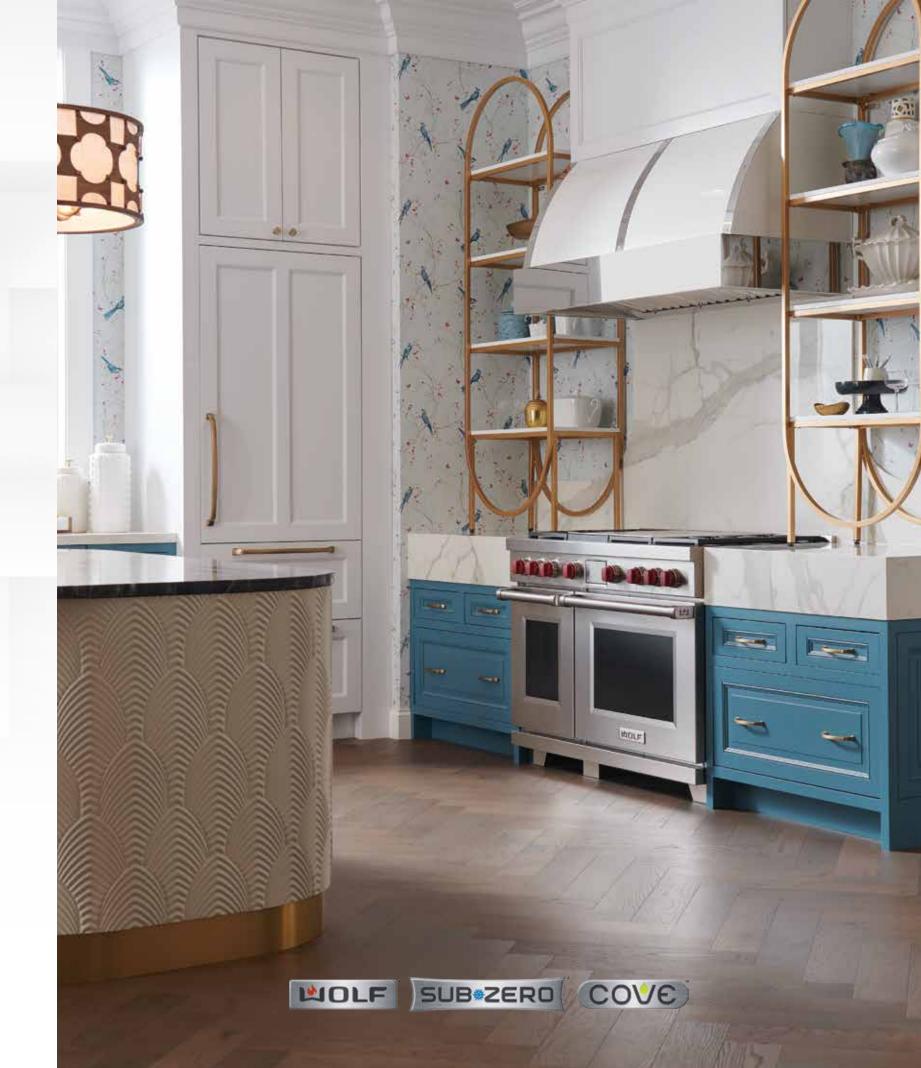

Sincerely, Roddey Player Queen City President & CEO
